

Royal Standard of England

Team 2 Report - 28th February 2006

Stephanie, Andy and Tim (Staff member)

Location 1 - The Barrel Bar - 00:45 to 01:45

00:50 Temperature 22°C. Nothing unusual recorded. Time alerts rest of the team to the smoking fire and confirms the noises from the fridge and icemaker for camera and Dictaphone purposes.

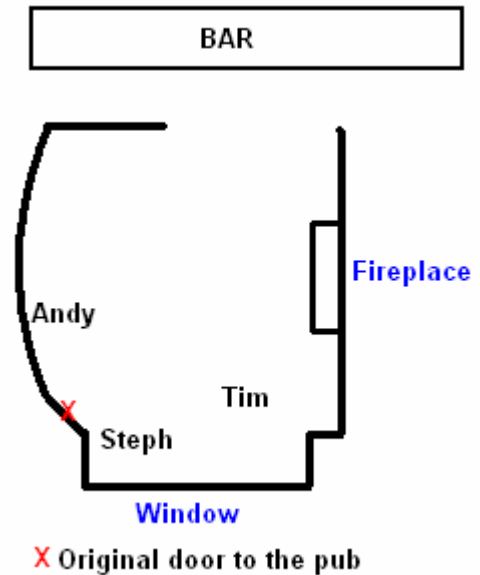

01:15 Steph hears a psychic impression of footsteps in front of the bar walking from right to left.

01:20 Andy feels a slight temperature drop near him.

01:25 Andy hears a noise behind him. Steph and Tim move to the area and also hear the same noise. Described as a constant hum like a generator. Tim advises nothing in that area to make that kind of noise. Possible sound vibration.

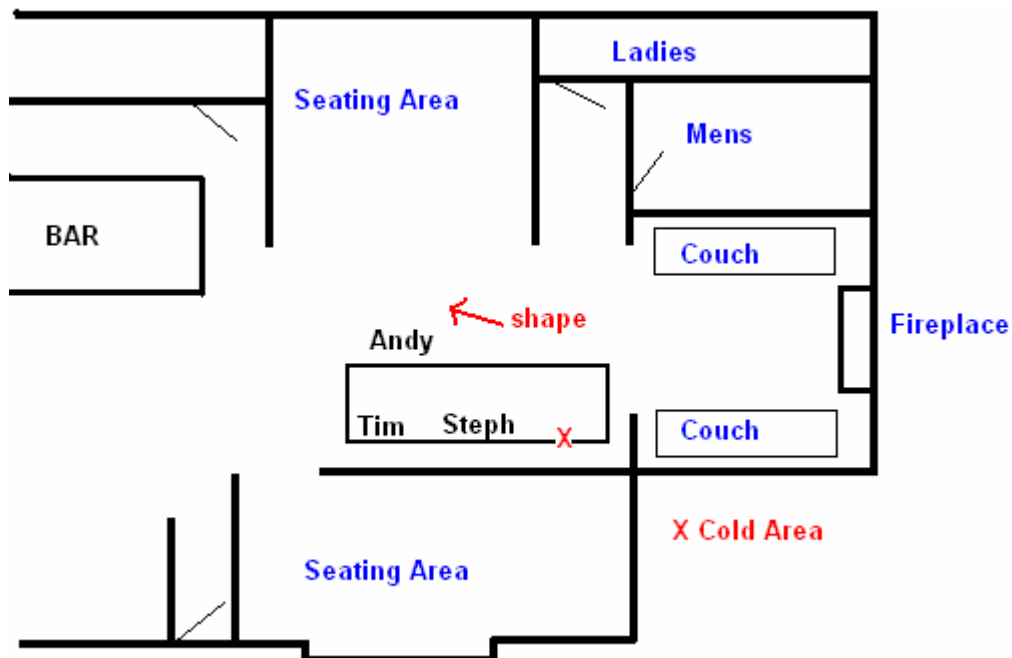

01:30 Steph sees movement behind the bar. Something moving just above the bar surface. Seen twice, first between the till and big glass and the between the till and the post. Both times going from left to right.

01:40 Tapping noise heard by all members of the team. Described by Tim as sounding like tapping on a metal down pipe. Suggestion that it was the grandfather clock. Tim confirmed it was not the clock.

Location 2 - Far End Bar Area - 02:00 to 03:00

02:00 Temperature 21°C. Steph feels very cold to her right.

02:15 Steph feels there is a lot of energy in this area, almost as if the pub is still going. Feels like its bustling with people/trade.

02:30 Steph still feeling very cold. Temperature reads 21°C in main room and 19°C next to Steph's right side. Dim white shape seen by Steph to the back right of Andy going left.

02:55 Temperature has dropped to 18°C all around. Andy tells the team that he was sitting where Steph is earlier that night and also noticed an extreme cold in the area to his right.

Location 3 - Control Room - 03:20 to 04:20

Nothing to report.
