<p>WEATHER: N/A</p> <p>VISIBILITY: Good</p> <p>AMBIENT SOUNDS: People in the building</p> <p><u>Equipment used</u></p> <p>Digital Sound Recorder</p> <p style="text-align: center;"><u>General Notes</u></p> <p>These are notes from an initial meeting held at the centre on 10th June 2009. During a tour of the building we were taken downstairs to the rifle range. To access this area we had to pass through what is known as the well area. When I went into this area I felt uncomfortable about being in this area.</p> <p>As a former employee who was employed at the centre during the 1990's I was aware that this area has effect on some people when locking up the building at night. It is important to note that during the time I worked at the building. There were no reports of paranormal activity by staff or members of the public that I am aware of.</p> <p>The notes below are taken from the sound recording made during the meeting with staff members:</p> <p style="text-align: center;"><u>Notes of meeting</u></p> <ul style="list-style-type: none"> • Several staff members have seen apparitions in the Hallway and the main hall itself. • And elderly gentle man and lady have been seen. The man appears to wear a green jumper that is patterned and staff thinks this maybe medieval. • A teenage lad has been sensed in the building • A young girl that was supported by a former caretaker has been felt. • One Staff member has experienced a feeling of caving in while down in the gun well of the gun club area. • Staff member stated a small hall door had open on its own and this has been recorded by DVD surveillance in the building. • In the main hall a member of staff felt that there was an energy present that moved items around such as a bowling Jack. The Jack had been stationary for thirty minutes
