

## Pirton - Motte & Bailey

18<sup>th</sup> June 2007

**Elaine and Richard**

Picked up on the name John and cold down the left of me.

When doing the séance saw a black flash behind the camcorder. When joined in someone touched my right hand and when Marion asked about Sally I saw a baby.

### **Small Lounge.**

02:00 Richard sat in the rocking chair. I saw a white figure next to him by the wall. I sat with my back to the fireplace started to meditate. Saw a man in white walk up the stairs then vanish. Saw children from 1940s having a street party and skulls being dug up (years old).

### **Bar**

Got nothing except Andy walking around.

### **Cellar**

Got nothing

### **Bedroom**

Saw a blue flash on the floor and what sounded like scratching.
