Background

Tewin house use to stand close to St Peters Church and is now just a field. The reason for an investigation here was to search for the ghost of Lady Sabine who is said to walk the area. Unfortunately further historical research for Lady Sabine has revealed not very much about her.

St Peters Church which is a reportedly haunted location and is mentioned in Betty Puckeridge's "*Haunted Hertfordshire*" among other well respected author's books which mention the grave of Lady Anne Grimston (1780) who not believing in an afterlife during her earthly days scoffed that trees would ruin her tomb if she was wrong. Sure enough her tomb is now ruined by a very large tree that has split the stone open. Another legend has it that on the stroke of midnight on New Year's Eve the devil will appear.

Investigation

21:16 – 21:22 Tewin House

Standing at the location of Tewin House the team began with a séance and the name Rebecca was picked up. However, not long into the séance a local resident decided to put on a firework display ending the séance with a bang.

21:16 Tewin House Séance the spirit of a male was picked up as well as a young girl with Platts. Roland sensed a young woman called Sarah, said nothing at the time as he did not want to contradict another member who had felt a presence by another name.

21:22 Fireworks end séance and investigation of this area

St Peters Church – The team breaks into two smaller teams to cover the area and then come together for a joint séance.

21:45 During Team 2 séance Anna picks up on a coach and horses accident. Team 2 gathered around a tree and started a Spirit Box session, It was during this session that Sarah and some of the team thought they had seen a shadow moving over by the church. Their batteries also seemed to be failing on the equipment they were using.

21:50 Team 1 were doing a vigil around the grave of Lady Anne Grimstone when Roland and Mandy heard footsteps for about fifteen seconds in the leaves on the other side of the grave. Roland thought it was more than one person and assumed it to be members from the other team. On further inspection there was no one there. After walking to where Roland and Mandy had heard the footsteps, Roland and Mandy heard a rustling in the leaves adjacent to the grave they were standing next to. Assumed it may have been a small animal.

22.45 St Peter Church Graveyard lower end by the gate. Team 1 was conducting a séance; Roland saw a light on the headstone in front of him. Andy saw something at the same time. The light appeared briefly as a white/grey parallelogram about ten inches by five inches in the middle upper third of the headstone whilst at the same time in the top left hand corner there was a small worm like brighter line of light; it was only a few inches long and squiggly.

22.50 During team 2 séance at the grave side of the Lady Ann Grimstone the EMF goes off just after Anna asks spirit to use our energy to communicate with the team. At the same time Anna has whispering (what felt like her ear being cupped and vibration into ear). This all happened at the same time. The team had the Spirit Box on and after about ten minutes they seemed to be getting responses to the questions they were asking, at the same time we were getting EMF readings.

23:00 – 23:50 Séance

During whole team séance Ben and Sarah have large shuffle footsteps and leaves move without wind next to them. Sarah nearly fell onto Claire as she jumped. Anna picks up on Steven, Steven repeatedly being said to Anna. 'I'm Steven, Steven, Steven' Just after this the name Steven came through the spirit box. Anna sees a 1970s dark blue car parked in a wooded area.

The team were getting a lot of answers to questions being asked by various members of the group a lot of names came up Steven, Sue, Susan came up more than once also some of the names of the people in the team came through. Whilst the team were experiencing all this activity Sarah was startled by sudden movement to her right and saw the undergrowth move as if someone had just walked by, not long after this one of the team felt they had been touched.

23:11 Andy is slapped on the back right hand shoulder during ghost box experiment
Ghost box states Sue slapped Andy footsteps heard by team

23:30 Andy observes a black shadow figure move between two trees but he does not come out of the other side

23:50 The investigation ended as it was getting cold and had started to rain.

Post Investigation

Steven may be a relative of Anna. Who after asking her Nan on the next morning after investigation, was told Steven passed in his dark blue TR7 car. However Sarah also felt a connection to a boy called Ben and Steven may of been the friend who tragically took his own life in Tewin wood.

Anna felt on conclusion to the church and area, no negative spirits as suggested by another member. No demon present in Anna's opinion. Anna feels the need to document this as she feels it's important.
