## Vigil 2: North of House – 22:05 to 22: 40

Sarah has positioned herself to the right-hand side of the steps facing the building and Andy is located on the left-hand side of the steps facing the building. For the positions of the team members see the plan on the preceding page.

**Investigation Site**      **Amphill, Houghton House and Segenhoe, All Saints'**

**Investigation Date**      25th November 2011

00:03    Andy takes a temperature reading of +5.6°C.

00:12    Andy gets the impression of a well-known hymn that starts with the words “o praise ye the lord” and finds himself running the tune and words through his mind. (**Editor’s Note:** The hymn is *O Praise Ye the Lord* by Henry Williams Baker and first appeared in *Hymns Ancient and Modern* which was published in 1875. It is a hymn traditionally used at weddings which connects with Andy’s next entry at 00:13.)

00:13    Andy feels an overwhelming sense of happiness and joy and puts this down to the location he is standing at where wedding groups would have probably stood to get their photographs taken. However the emotion is very strong and Andy is then overcome by a strong sense of being watched from above and gets the word “Angels” in his head are watching him from above.

00.10    Sarah hears a faint whisper.

## Post-Investigation

The strong emotion of happiness and joy stay with Andy throughout the week and so does the impression of an Angel. Andy notes that this feeling is incredibly strong and Andy has never had this feeling at any other church during investigations.
