

Dear Andy

I have just read your total report on the ghost vigil at knife & cleaver. I have known Annie for 14 years. My experience of the hauntings can describe the spirit i saw it was approx. 6.00am Annie was preparing in the kitchen and i was behind the bar close to the fax machine it was winter so quite dark and that is when i saw a grey man with a top hat, beard 18th century type suit very distinguished looking, walk directly in front of me toward the fireplace an image stuck in my mind for 11 years. I ran into the kitchen to Annie white as a sheet from fright she asked whats the matter and i told what i had just seen. She calmly said "Oh its ok he's friendly"

If i can be of any further assistance with other experience please do not hesitate to contact me

Regards and keep up the good work

David
