Pednor Bottom

20:39 As she was walking back to the cars, Stephanie gets an impression of a man walking along the right side of the road close to the trees. He appears to be in his mid twenties with shoulder length dark brown hair that falls into his face and a full overgrown beard. He is wearing a thick jacket and trousers, which lasted for about 60 yards, ending just after the place where the public footpath crosses the road.

Claudia's Notes - I didn't feel anything when we first walked up the lane, but I got some quite strong feelings of inner turmoil on the return, which lasted for about 60 yards, ending just after the place where the public footpath crosses the road.

Cholesbury

Pre-Vigils

During a walk around the churchyard, Kaye and Claudia are looking around the area to the back of the church. Kaye sees a young girl run behind Claudia then briefly again on the other side of Claudia. The little girl has blonde hair.

21:56 Stephanie sees the name 'Tobias'. He is a worker and part of his job is looking after chickens. He is dirty in appearance. He is wearing a shirt, trousers and a long apron type garment that is double tied around the waist. He wears a cloth hat that has long pieces of cloth coming down each side of his face. All of which are soiled heavily.

Vigil 1: The Field – 22:00 to 22:30

22:01 Stephanie has a sharp pain down her forehead over her right eye.

People look down on Tobias; they see him as a loner. He is alone and sad he never married and felt that no woman would want him because of his job. He dreams of a happier life. The chickens have become his family and people think he is mad because he talks to them but he is just lonely.

22:07 Tobias is kind and generous. Stephanie sees him sitting on a small wooden stool, hunched over, in his one room house/hut next to the fire. He has his hat in his hands and is staring at the floor. Stephanie gets a lump in her throat.

22:10 As Stephanie watches him he rubs his ring finger on his left hand. She asks if he was married once or intended to marry. He does not want to talk about it.

22:18 Stephanie sees some sort of procession along a path with a grassy bank on the other side. Appears to be a person or people of importance who are passing through as the path is lined with villagers. Although, there is no cheering or shouting, everyone just appears to be watching. She cannot even see anyone talking.

22:21 Tobias walks up to Stephanie. He has come to show her his favourite chicken. It's a golden colour, like honey. He holds it under his right arm. He smiles and is proud of it's quality and says 'It cannot be matched!'. His home appears to be on the other side of the path and just to the

left, opposite where we are sitting. His house is set back a little from where he keeps the chickens.

Claudia's Notes - About 5 minutes into the vigil, I had an impression of two men walking across the field, from the direction of the stile towards the church, pulling a handcart. They seemed tired but in good spirits, and were just talking amongst themselves. One was 25 and had dark hair, the other was about 18 and had mousey coloured hair. I dismissed the image quite a few times until the older man's face appeared quite definitely about 6 inches in front of my own. They were wearing baggy shirts/smocks and loose fitting trousers. I got a year of 1864 in my head.

Vigil 2: Ditch (roughly 20m left of the stile) – 22:45 to 23:15

22:46 Stephanie feels very safe. It is like she is young and has been told nothing bad can get in here; it's a safe place to be.

23:04 Stephanie sees a white light move from left to right in front of herself, Claudia and Kaye.

When the team first sat down just before the vigil started, Claudia was aware of something moving past her from right to left. She then saw some horses come past, stop in front of her then carry on.

Kaye also heard and saw horses. Stephanie did hear a horse in a field behind them but she only heard it once. Kaye reported hearing horses two or three times.

Claudia's Notes - I had just sat down and was aware of something run past me, from right to left. About a minute later, I heard horses' hooves, galloping past me, there were about 6 or 7 of them. There just seemed to be a lot of commotion. I was aware of couple of male voices but couldn't make out what was being said.

Vigil 3: Back of the Churchyard – 23:30 to 00:00

23:40 Stephanie feels warm and comfortable as if she is indoors.

Kaye picks up the name 'Amelia'. Possibly the name of the girl she saw in the area earlier. She asked for a name and got Amy then Emily but these did not seem right. She then picked up Amelia, which felt correct.
